INCOGNITO

2009 | RED WINE BLEND

The newest of Incognito vintages have seen subtle changes on the outside, but what's most impressive is corked up inside these newly screened bottles. The winemaking team at Michael David has worked up two intriguing blends, one red and one white. Both wines are blends of multiple complimentary varietals, each showing the complexity and balance that come from experienced blending in the cellar.

A juicy, crowd-pleasing red blend that was aged in French oak. Soft and ready to drink now, with a touch of sweet cherry cola.
